World-class noise cancellation

Quiet & Aware modes deliver Bose's best around-ear noise cancelling.

Personalized sound (CustomTune™)

Sound adapts to the shape of your ears for optimized performance.

EQ control in Bose Music App

Fine-tune bass, mids, treble with presets or custom settings.

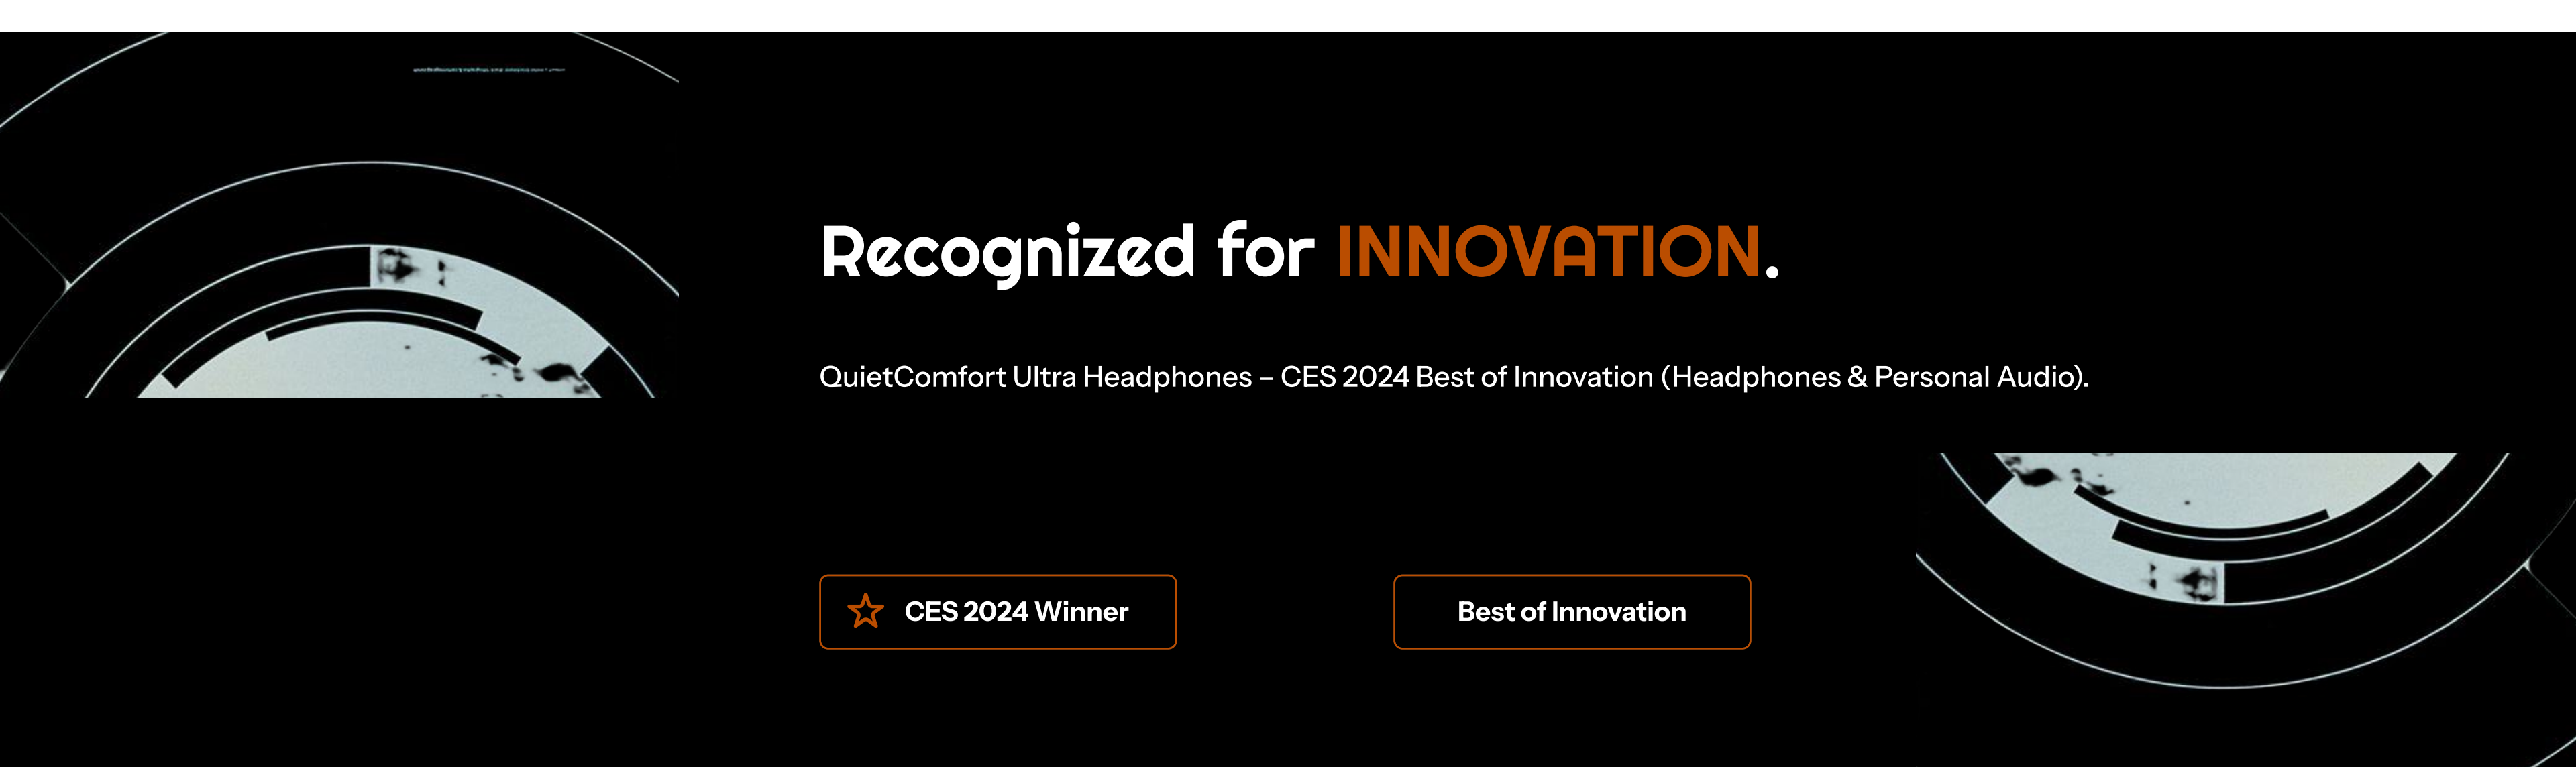

Over 60 years of sound innovation

Founded in 1964 by Dr. Amar Bose. Research-driven innovation from day one.

From our humble beginnings in a MIT lab to becoming the world's leading audio company, our commitment to superior sound has never wavered.

Proven where silence matters most.

Bose pioneered active noise-reduction headsets in aviation, from historic flights to everyday listening. Our technology has been trusted by pilots worldwide for decades, and now brings that same precision to your daily audio experience.

Recognized for INNOVATION.
