**Over 60 years of  
sound innovation**

Founded in 1964 by Dr. Amar Bose. Research-driven innovation from day one.

From our humble beginnings in a MIT lab to becoming the world's leading audio company, our commitment to superior sound has never wavered.

**Proven where silence  
matters most.**

Bose pioneered active noise-reduction headphones in aviation, from historic flights to everyday listening. Our technology has been trusted by pilots worldwide for decades, and now brings that same precision to your daily audio experience.
